ENGINE FLUSH

Limpiador Sistema Aceite

3en1

Oil System Cleaner removes operational contamination and resin deposits in the entire oil and lubricating circuit, residue and carbonization in the piston rings and the upper cylinder area, neutralizes harmful engine acids. This leads to reduced fuel consumption, improved engine performance, reduced wear of the aggregates and longer life of the catalytic converter. In addition, Oil System Cleaner protects the engine during the cleaning process through highly effective lubrication components.

BENEFITS:

- ✓ Effectively dissolves resins, lacquers, and carbon deposits.
- ✓ Quiets hydraulic lifters/valves and smooths engine operation.
- ✓ Increases engine compression.
- ✓ Neutralizes harmful engine acids.
- ✓ Prevents sludge formation.

APPLICATION AREA	CONSUMPTION	TREATMENT TIME
Use in oil and lubricant circulation in 4-stroke petrol and diesel engines, manual gearboxes, differentials and high performance engines like marine and emergency engines.	8.45 oz treats up to 5 liters of oil.	Approx. 15 minutes with engine running

APPLICATION NODES

Add Oil System Cleaner to the hot oil circuit. After exposure time change hot oil and filter according to manufacturer's instructions.
