HIGH - PERFORMANCE

MADE IN GERMANY

RUST REMOVER MULTI-USE

Dissolves rust and loosens seized parts in seconds. Provides optimum long-term protection against rust and corrosion, and repels water.

The product is resin and acid-free, and is safe for paint, glass, rubber, and plastics.

BENEFITS:

- ✓ Excellent lubricant for all moving parts in workshops, industry, and households.
- ✓ Ideal for penetrating and loosening rusted and corroded parts.
- ✓ Inhibits corrosion and oxidation.
- ✓ Acts as a water repellent.
- ✓ Ensures rapid penetration.

APPLICATION AREA	CONSUMPTION	TREATMENT TIME
In the industry and workshop area eg for corroded hinges, bolted connections, etc.	Dependent on Application.	Depending on the degree of contamination and corrosion.

APPLICATION NODES

Spray evenly onto the parts to be treated and allow to penetrate a couple of minutes.
