HIGH - PERFORMANCE

PUMP & CLEAN WINDSCREEN CLEANER CONCENTRATE 1:100

Quickly and reliably removes contamination appearing specifically in the summer season without smearing the windscreen!
Suitable for fan nozzles.

BENEFITS:

- ✓ Effectively cleans the windshield, providing extraordinary visibility.
- ✓ Leaves no streaks on the glass.
- ✓ Lubricates the wiper blades and pump.
- ✓ Removes limescale buildup, ensuring a proper spray pattern.

APPLICATION AREA	CONSUMPTION	DILUTION
Follow manufacturer's instructions! Fill up dosing unit by pressing the bottle. Afterwards, pour into the windscreen water tank. One dose is sufficient for approximately 3 liters.	1.01 oz for up to 101.44 of water.	1: 100

APPLICATION NOTES

The engine must be warm and running. Maintain engine speed at approximately 2,500 – 3,000 RPM. Apply the product in several-second intervals, then wait a few seconds before reapplying.
